

Corporate Social Responsibility

Our mission

Our mission is to provide patients and medical professionals with the best Healthcare solutions available worldwide. We provide a timely supply of medical devices that offer patients the best prognosis.

We are committed to the people we serve with a highly responsive and professional team and to important future developments in technology that enhance patient outcomes and provide viable, sustainable solutions.

Our responsibilities

The commitment to our social responsibility is closely aligned with our mission.

Our people - Our relationships are built on trust and respect. We aim to have a workplace that empowers our people by providing opportunities for continuous development and learning.

We promote open communication to maintain a safe and healthy working environment that is free from discrimination and harassment.

Our environment - We operate with an awareness of our environment and continue to implement a growing number of environmental risk minimisation initiatives such as the following:

- increasing the use of recycled paper and paper based products;
- eliminating single use plastics from the workplace; and
- prioritising the recycling of waste as distinct from general waste products.

Our stakeholders - We promote ethical and responsible business conduct, and expect that honesty and integrity are the cornerstones to all of our activities, interactions and relationships.

We encourage our stakeholders to share with us their questions, concerns, and suggestions.

If you would like to do so, please contact the Marketing/ HR Manager and we will make every effort to respond fully, transparently, and in a timely manner. Because of the feedback from our stakeholders, we can continuously improve.
